Reviews	118

UNIVERSITY OF CEYLON REVIEW

The University of Ceylon was established on the 1st July, 1942, by the fusion of the Ceylon Medical College (founded 1870) and the Ceylon University College (founded 1921). It has at present Faculties of Oriental Studies, Arts, Science and Medicine. Its seat is temporarily in Colombo, but it will be moved to Peradeniya, near Kandy, as soon as its new buildings are ready for occupation. The University has taken over from the Government of Ceylon the publication of the *Ceylon Journal of Science*, which will be developed as its chief means of contact with Scientists elsewhere. The *University of Ceylon Review* has been founded in order to make similar contact with scholars in literary subjects, to provide a medium of publication for the research in those subjects conducted in the University, and to provide a learned review for Ceylon. The *Review* is now published four times a year, in January, April, July and October. The Annual Subscription is Rs. 5, and a single copy Rs. 2.50.

April, 1952
